### EXAMINER'S AMENDMENT

Applicant's election of species I, figures 1-3, claims 1-3 & 6-10 readable thereon, in the reply filed on September 2, 2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 4, 5 and 11-69 were canceled.

The claims were canceled as being claims non-elected without traverse in the Response filed September 2, 2004.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Shimada et al. discloses an optical pickup including an objective lens having a piezoelectric element that deforms when a voltage is applied.

The following is an examiner's statement of reasons for allowance: the prior art of record considered as a whole fails to teach or suggest an optical pickup device for irradiating a data recording layer of a disk type data recording medium with a laser beam emitted from a light source, the optical pickup device comprising: an object lens comprising a **transparent piezoelectric element that deforms when a voltage is applied**, and condensing the laser beam emitted from the light source to apply it onto the data recording layer; and control means for controlling the position of focus of the laser beam by applying a voltage to the object lens to deform the object lens. (bold/underlined language emphasized)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
